RESIDENCE PERMIT APPLICATION FOR STUDY

This residence permit application is for you if you are coming to Finland to study at a Finnish educational institution where you have already been accepted as a student. The studies must be undergraduate studies, leading to a degree or vocational qualification. Applicable educational institutions include universities and universities of applied sciences, vocational education institutions and, in the case of exchange students, any of the above and upper secondary schools. In special cases, a residence permit for study may be issued for other studies than those described above.

The photo must be 47mm high and 36mm wide. The distance between the top of the head without hair and the bottom of the chin must be 32-36mm in the photo.

The head must be straight and in the middle of the photo. Both the head and the shoulders must be turned straight towards the camera. Portrait-style photos where the subject looks over one shoulder are not acceptable. The photo must be taken straight from the front, not from higher up, lower down or from the side. The subject must look straight at the camera.

The photo must show the subject's full face. The expression must be neutral. The mouth must be closed. The eyes must be open and clearly visible. The photo must show the subject's full face, e.g. garments or hair must not cover any part of the face. Particularly eyes must be clearly visible. Glasses can always be removed for the photo. Tinted glasses and eye patches are allowed only for medical reasons.

The photo must be taken against a plain background. The colour of the background must be neutral and light. There must be no shadows in the background. The lighting must be uniform: the face and the background must be free of shadows and hot spots. The red-eye effect must be prevented. The colour of the lighting must be natural, not bluish or reddish, for example. The photo must not be over- or under-exposed.

The photo must be printed on high-quality photograph paper. The photo must be sharp and in focus; it must not be blurred or grainy. The photo must be clean: no scratches, stains or creases are allowed. No manipulation or retouch of the photo is allowed.
